

Stack-On 18 Gun Security Cabinet

Features

- Holds 18 guns plus storage
- Includes four removable shelves
- 3-point locking system

The Stack-On Double-Door Steel Security 18 Gun Cabinet can be used to hold 18 rifles or shotguns up to 54" tall, or 9 firearms plus storage, or simply storage. There are four foam padded removable shelves which can be placed on the left or right side of the cabinet, and one additional shelf positioned at the top. The all steel 3-point locking system provides excellent security by passing through the cabinet frame and securing the top and bottom sections of cabinet. There is also a steel locking plate that is located behind the cabinet near the center section of the door for additional protection.

Model #: GCB-18C-DS
